

Dreaming Alone

I tried, during to take forever
I arrived, to know you
only before that your gone

I'm living forever...
I'm living for you

I arrived, before
something wrong.....
I arrived, before
something wrong.....

I can hear your voice in my heart.
I can dream your face in the stars
I'm lost here in this sky
and I'm lost here in this sky.

When I try to see in your eyes
When I try found this in my fate
ohh.. baby .. ohh ...baby...
I can living sometimes Dreaming Alone

I live forever as a ride
And I see you forever in my mind yeah
Dreaming Alone

When I try to see in your fate
I feel now alone and
so, dreaming alone
baby ...baby...noo

Tell me please what ever says at this time
And tell me please what ever says in my mind ...yeah
Dreaming Alone, before your gone
When I try to found, an only way
we can't, we can't, we can't,
Dreaming Alone,
baby...baby...no.
